HINGE FOR 45°
MITRED APPLICATIONS

CERNIERE PER MOBILI DAL 1956
FURNITURE HINGES SINCE 1956

Fondata nel 1956, la DANCO nasce dall'esperienza diretta nella produzione di accessori per mobili e minuterie metalliche. Una passione, quella per la ferramenta, che sta alla base della storia della DANCO e dei suoi fondatori, che hanno saputo trasformare un'azienda a carattere familiare, in una società con una posizione di rilievo nel settore della produzione di cerniere per mobili. Ai figli, il merito di averla portata attraverso il dinamismo e la professionalità, in una realtà in grado di confrontarsi ad importanti livelli nazionali ed internazionali.

Founded in 1956, DANCO came about from a first-hand experience in the production of furniture accessories and small parts. The passion for iron fittings which drives DANCO and its founders has allowed them to transform a family-run business into a leading company in the production of furniture hinges. Their sons are now taking DANCO even further, working with professionalism and dynamism to ensure the company can meet the challenges of the 21st-century on the national and international arena.
